2011

THERE'S NO PLACE LIKE

ARTS

"Close your eyes, tap your heels together three times,
and think to yourself, "There's no place like Arts."

Every page that follows will be evidence of every memory we've spent together.

We've trekked a long journey down this road -

Scared, lost, young, and searching.

Through it all, we've lost, found, and forged friendships.

Through it all, we've each found some guidance to lead us to the right path again.

Arts High has prepared us to become individuals,

to chase our dreams, to take risks and shed our fear of failure.

With this as a start, we will find ourselves further invested in the life we hope to live.

As artists, we will further explore the importance of imagination.

Whether it is on the canvas, on the stage, in our lyrics, in our songs, in our movement or in film,
there is no limit to what we can do, Impossible is just a big word thrown around by small men.

The class of 2011 has flourished.

No longer will we walk the halls of Arts High School as a student.

There will never be a place like Arts, but do not fear what's ahead.

Graduation is not the end, it is the Beginning.

Dr. Norma Fair-Brown

Principal

Class of 2011:

Where has the time gone? It does not seem as if you have been in the hallowed halls of Arts High School for four years! The slogan 'time waits for no one' seems to be more true today than ever before. While it may seem like a long four years to you, time has gone all too quickly since there are always lessons that we want to teach you before you enter the cruel world that awaits you. But I know that you are prepared to face all challenges with enthusiastic confidence; and all obstacles that will come your way with the resolve to overcome them knowing that they only come to make you strong.

This has been a remarkable year replete with celebrations, disagreements, academic challenges, Crazy Hat Day, Pajama Day, Switch Day, and all of the other events whose memories you will carry with you for a life time. There have also been challenges throughout the year, but we overcame all of them. I still believe, I know, that Arts High School remains the best school in the country! As you leave us you will find that this is true and will appreciate the four years you have spent here in a much deeper manner.

This has been a tumultuous year in terms of NPS schools and natural disasters have been more prevalent than ever before. I ask that as you go forth from Arts High School, you go with the resolve to do your part as a citizen to make the city and this world a better place whether through music, dance, drama, art, TV production; or just as a person concerned with the rights and privileges of others less fortunate than you. You can go with the assurance that you have everything that you need to succeed – academically, socially and morally. We are depending on you to carry high the torch of Arts High School, and perpetuate a legacy that began 80 years ago!

Finally, as we graduate together - you to college or a career, me into another season in my life – one door is closing but another is opening. Sometimes we try to keep doors open that need to close for various reasons, but I know that when we do walk through the doors that are opening for us, because the Lord has gone before us, we can walk through them with a greater power than we've ever known before. So class of 2011, walk through your open door knowing, as our Alma Mater reminds us, "As the years go marching on, one by one we'll soon be gone, but our hearts will be with you - Arts High."

Sincerely,

Dr. Norma Fair-Brown

Dear Graduates,

As you celebrate this important milestone, take time to reflect on the good times, the not so good times, and the lessons learned from these events. Reflect on friends and loved ones who helped you along the way, teachers and staff members here at Arts High School and elsewhere that nurtured you and provided you with the tools needed to strive towards the next milestone. Be sure to give thanks and acknowledgement, for you did not get this far by yourself.

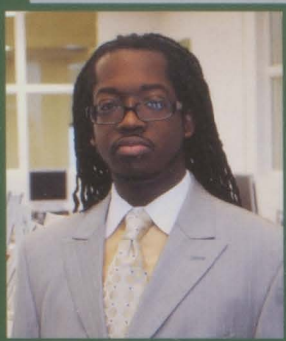

As you journey onwards to your next milestone, pledge to always maintain the highest standards possible. Let every decision be made with integrity and be true to you. "...understand that your success in life won't be determined just by what's given to you, or what happens to you, but by what you do with all of that – by how hard you try; how far you push yourself; how high you're willing to reach. Because true excellence comes only through perseverance." (President Barack Obama)

Black History Month

Every year, we celebrate the month dedicated to black history.

This time around, not just the drama students are acting it out.

Young, Gifted and Black

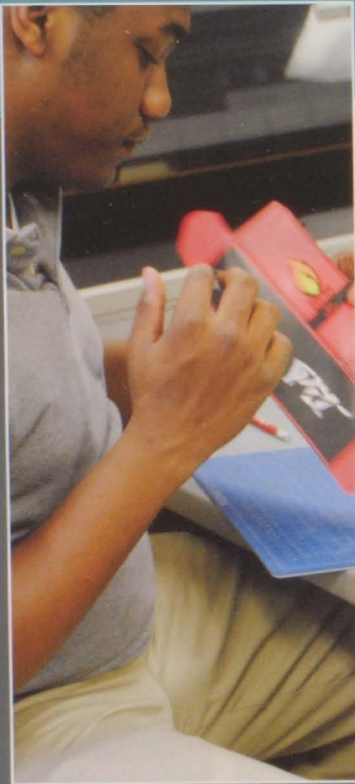

Ms. Brazell led the pack with the storytelling of historic African American woman. Some of these women have made a tremendous impact on society and the world.

During this day, readings by the Solo Repertoire, Drama III and Drama I classes were led in this room. From Josephine Baker, to Booker T. to *Am I a Black Woman*.

Creative Minds

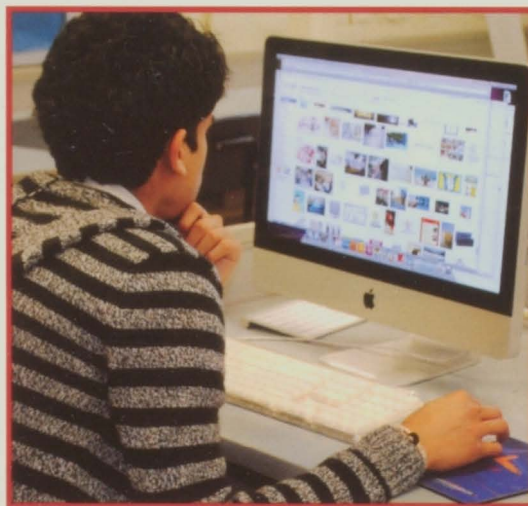

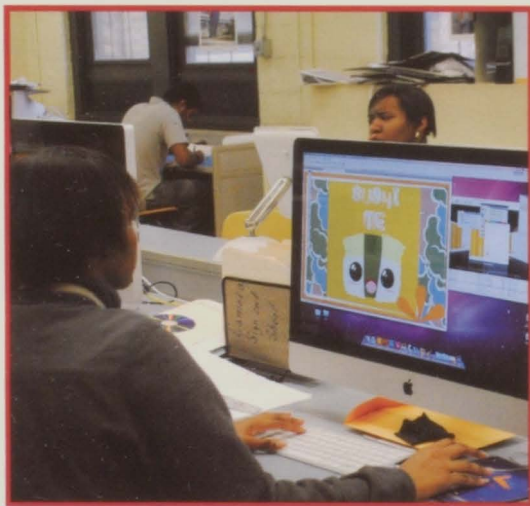

**We've pushed the limit.
We've gone beyond what
people thought we could do.**

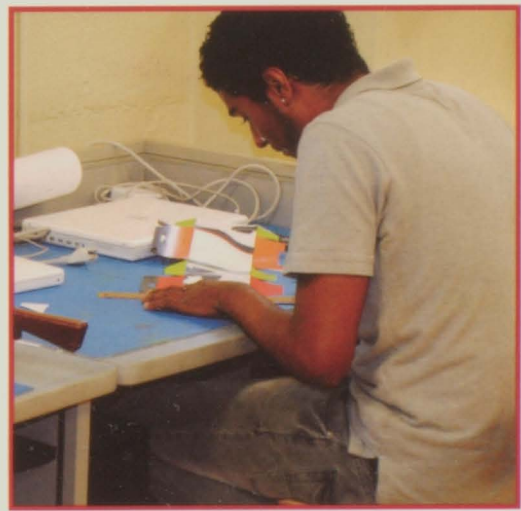

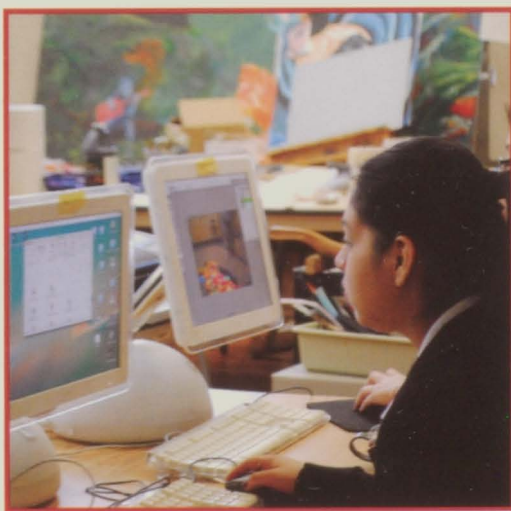

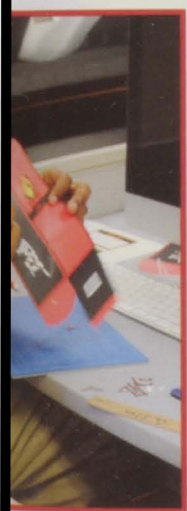

Think Outside The Lines

When you think of art, what do you think of? Lines, pencils, paper? That's the conclusion some might draw, but there's more to art than just drawing, and painting. The visual arts and graphic arts entail thought, and along with that thought comes a creative mind, and the senior art majors here have proved that creative minds think outside the lines.

Just Another Day ...

IN THE VOCAL LIFE

JUST WHAT DOES IT TAKE TO SING?

"It takes a person with talent to understand what talent *really* means"

You have to feel whatever you are singing. If you do, every person that is listening to you will feel your emotion and what you are singing about.

Dr. Forderhase definitely believes in his students and as a vocal teacher, he puts so much effort into his art that even those who can't really sing, will be able to.

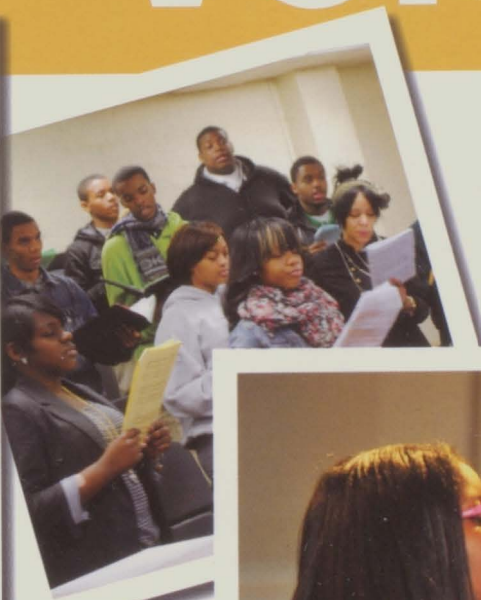

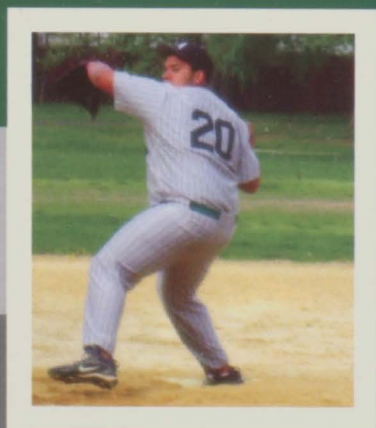

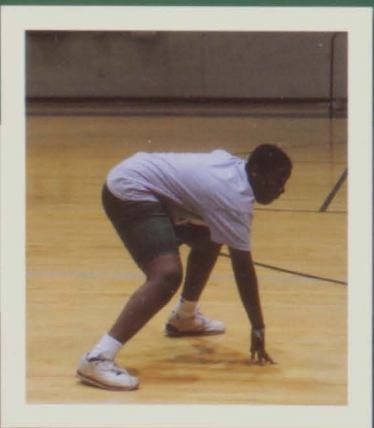

The senior vocal majors have learned a lot about themselves and their voices over these past four years. It ranges from how long to hold a note, how high or how low their pitch should be and, how to become a better singer.

Soccer

Arts battled through another tough season this fall with a record that certainly does not reflect the amount of hard work, talent, and dedication given by a large number of freshman and sophomore players led by captains, junior, Jose Cruz and the team's only senior, Edgar Class. With the help and constant field communication of Rony Vallejo and James Awosola, the captains used their leadership to train and develop an unusually young team to improve for the end of the season and the upcoming fall 2011 season.

As of April 21 Daniel Martinez led the state of NJ with 49 Strikeouts and only 10 walks in 21 Innings pitched.
